Raipur, Chhattisgarh · available from May 2027

CM Good Governance Fellow inside the **Commercial Tax (Registration)** and **Housing & Environment** departments, Government of Chhattisgarh, reporting to the department Secretary. I know how Sub-Registrar offices, registration portals and land records work from the inside, and I can model the money behind them. MBA in Public Policy & Governance, IIM Raipur (2027). Seeking state-expansion and government-partnership roles in property data and lending.

EXPERIENCE

Chief Minister's Good Governance Fellow

Aug 2025 – present

Government of Chhattisgarh · Commercial Tax (Registration) and Housing & Environment, with the Good Governance Department on CM Helpline 1076

- **Registration & stamps reform:** catalogued 30 reforms (13 policy, 17 technical) from 10 states and benchmarked Chhattisgarh against Karnataka, Telangana, Maharashtra and Gujarat. The Secretary directed officers to implement two: **Sub-Registrar performance analytics** and dedicated counters for women and senior citizens.
- **Property-registration DPR:** ran a feasibility study that recommended a sequenced roadmap over an immediate blockchain ledger, then wrote the Detailed Project Report: architecture, legal framework, risk register and a **₹3.24 crore programme across 107 Sub-Registrar offices**, with an interactive proposal dashboard.
- **CM Helpline 1076:** categorised and mapped grievance services for Commercial Tax and Housing & Environment, built the **L1–L4 officer escalation map**, and serve as the departmental point of contact for portal operations.
- **Cool Roof policy:** designed a zero-budget mandate making SRI 78+ roofing a condition of the occupancy certificate, enforced at four building-permission checkpoints, with the ₹2–4/sq ft cost borne by developers. Benchmarked against Telangana's 2023 order.

Accountant & Site Supervisor

Jun 2024 – Jan 2025

AJ Constructions

- Owned site-level accounting end to end: invoice verification, payment reconciliation and vendor ledgers, as the financial link between vendors and the project owner.
- Supervised contractor and labour teams daily, tracked material drawdown against procurement and flagged schedule slippage against the construction plan.

PROOF OF WORK

The Next Ten Registries ↗
Oct 2026. Ranks 10 states on registration-data readiness for title search and lending, from 21 public sources, with a 60-day state launch playbook.

Sub-Registrar Performance Scorecard ↗
Working prototype for 107 offices on synthetic data: weighted score, office drill-down, volume-versus-speed view.

"Fifteen Passengers"
Published in ArthVichar Issue 01, IIM Raipur's economics and public policy magazine (Aug 2026): Nava Raipur transport and land value capture.

Financial models
Three-year quarterly three-statement model from one assumptions tab (Sep 2026). Equity research report and model for Dabur India (live project, 2025).
